**7. Events**

CineVic offers workshops, lectures, screenings and a variety of special events throughout the year, both for its members and for the community at large. The purpose of such events is to expose and educate the Vancouver Island community to independent media arts.

**7.1 Events Policy**

Events offered must be informative. All events will be made as accessible as possible financially and a number of free events are held throughout the year. Events are the responsibility of the Programming Board Member who, along with the office staff, organizes each event and gives due and timely notice about the events to the members and to the community at large.
